Der var engang en meget  
sulten krokodille.

...

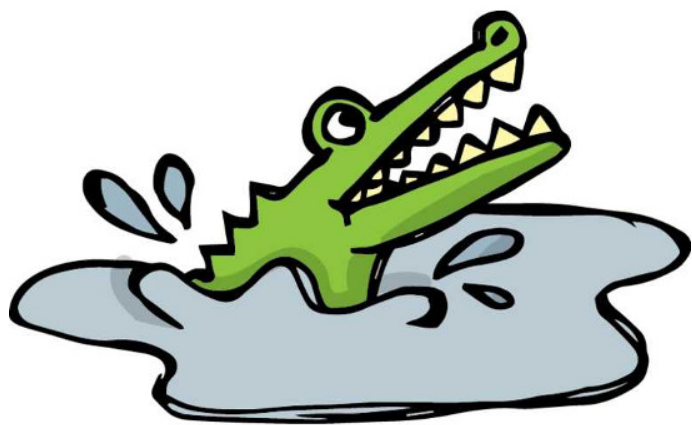

Once there was a very  
hungry crocodile.

Han ledte efter mad  
langsomt og stille. Og så ...  
...  
He searched for food  
slowly and quietly. And  
then...

Indtil han bliver sulten  
igen.  
...  
Until he gets hungry again.

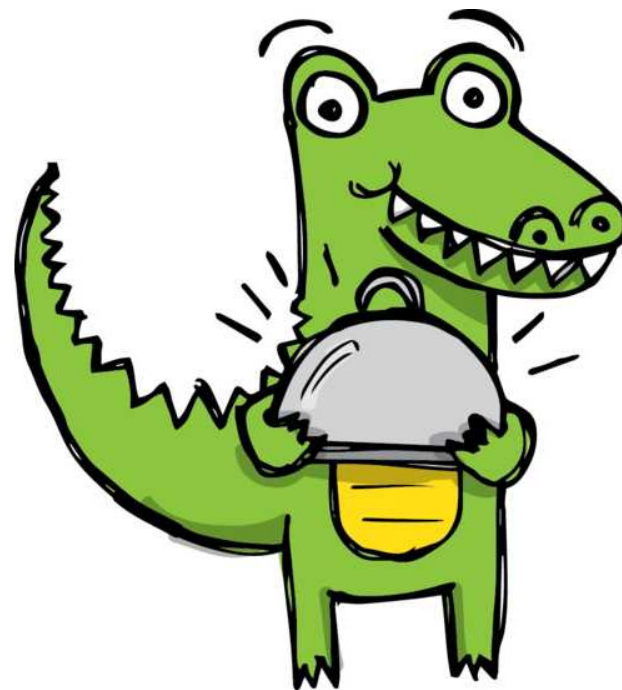

Bang! Krokodillen slår til!

...

POW!!! The crocodile strikes!

Derefter er han ikke længere sulten, og han er glad.

...

After that he is no longer hungry, and he is happy.
