🗣 Esperanto / English / eo

Iam estis tre malsata  
krokodilo.

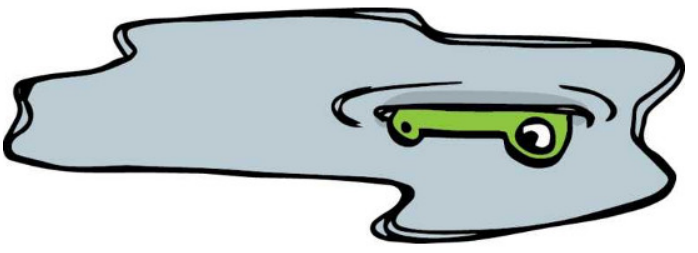

...

Once there was a very  
hungry crocodile.

He searched for food  
slowly and quietly. And  
then...

...

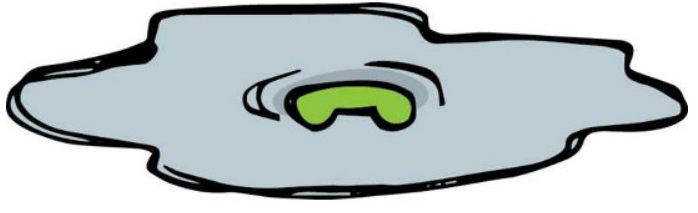

Li sercis mangajon,  
malrapide kaj malbrue. Kaj  
tiam...

Until he gets hungry again.

...

Ĝis li malsatas denove.

ŜPRUC!!! La krokodilo atakas!

...

POW!!! The crocodile strikes!

Poste li ne plu malsatas, kaj li feliĉas.

...

After that he is no longer hungry, and he is happy.
