😊 Magyar (hu) / English (en)

Egyszer volt, hol nem volt,  
volt egyszer egy nagyon  
éhes krokodil.

...

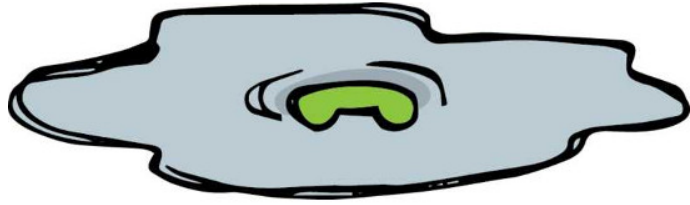

Once there was a very  
hungry crocodile.

Lassan  s csendesen  
keresg lt mag nak  telt,  
azt n...

...

He searched for food  
slowly and quietly. And  
then...

Amig nem lett  hes  
megint.

...

Until he gets hungry again.

Paff!! A krokodil lecsapott!

...

POW!!! The crocodile strikes!

Boldogan és tele hassal  
éldegélt tovább.

...

After that he is no longer  
hungry, and he is happy.
