Kartą gyveno labai alkanas
krokodilas.

...

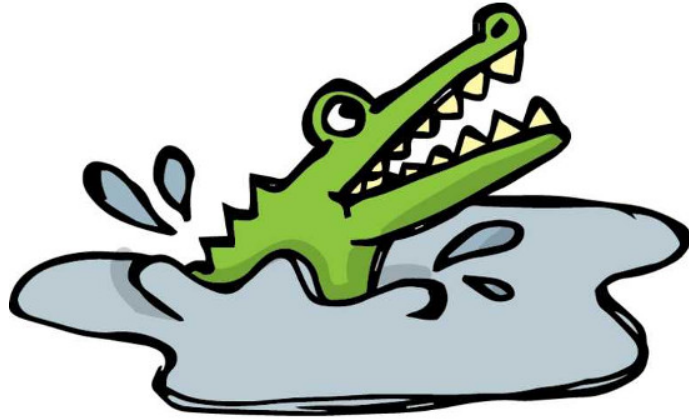

Once there was a very
hungry crocodile.

Jis letai ir ramiai ieškojo
 maisto. O tada...
 ...
 He searched for food
 slowly and quietly. And
 then...

Iki tol, kol jis vēl iṣalks.
 ...
 Until he gets hungry again.

BAM!!! Krokodilas puola!

...

POW!!! The crocodile strikes!

Po to jis jau nebealkanas.
Jis patenkintas.

...

After that he is no longer hungry, and he is happy.
