 Magyar [hu](#) / English [en](#)

Egyszer volt, hol nem volt, volt egyszer
egy nagyon éhes krokodil.

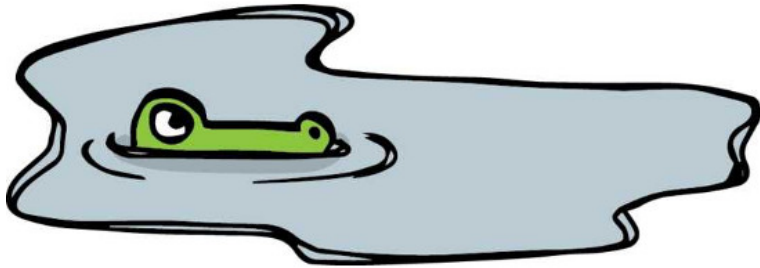

...

Once there was a very hungry
crocodile.

Lassan és csendesen keresgélt
magának ételt, aztán...

...

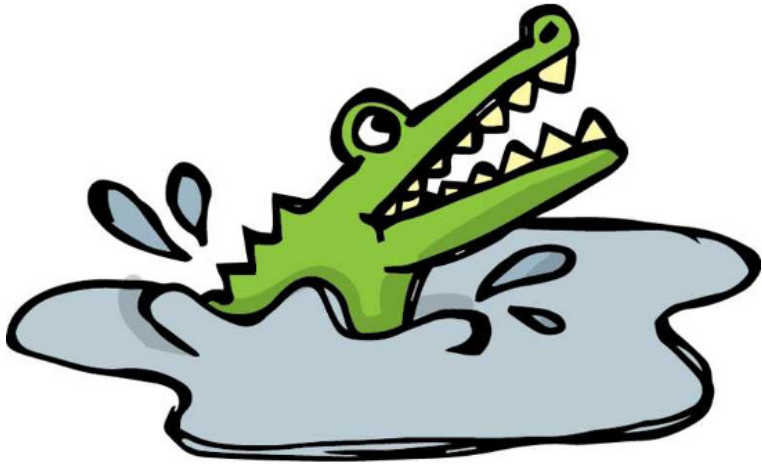

He searched for food slowly and
quietly. And then...

Paff!! A krokodil lecsapott!

...

POW!!! The crocodile strikes!

Boldogan és tele hassal éldegélt tovább.

...

After that he is no longer hungry, and he is happy.

Amíg nem lett éhes megint.

...

Until he gets hungry again.
