Kartą gyveno labai alkanas krokodilas.

...

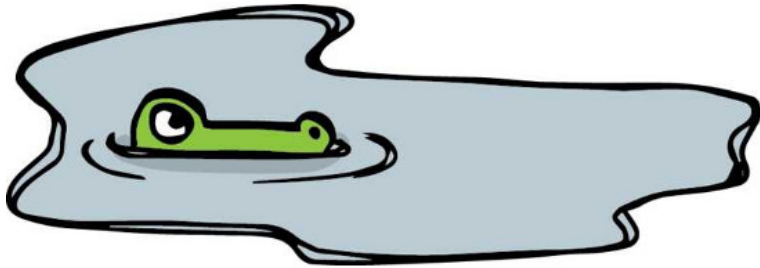

Once there was a very hungry
crocodile.

Jis lètai ir ramiai ieškojo maisto. O tada...

...

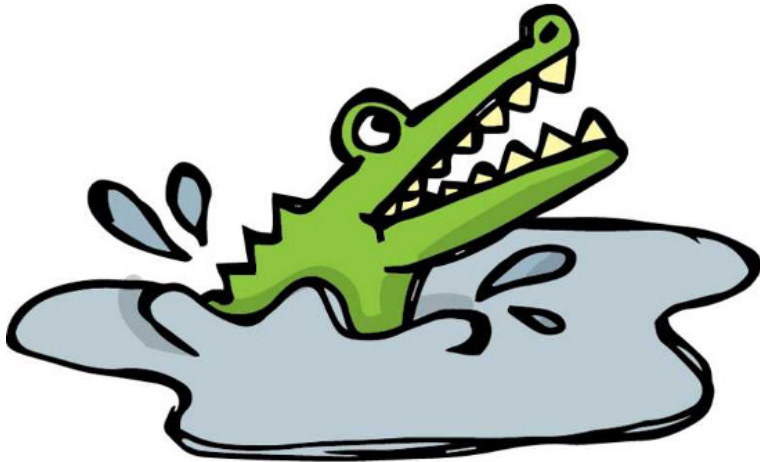

He searched for food slowly and quietly. And then...

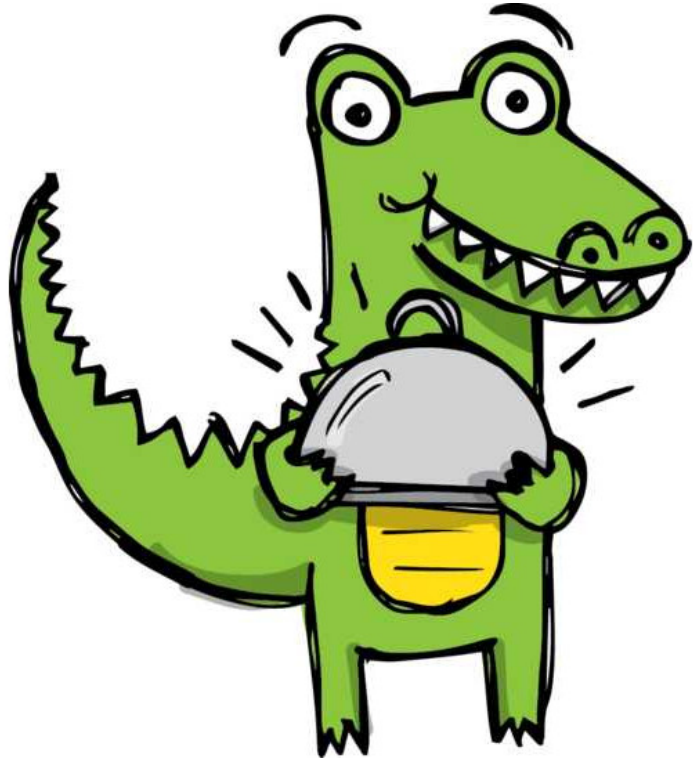

BAM!!! Krokodilas puola!

...

POW!!! The crocodile strikes!

Po to jis jau nebealkanas. Jis patenkintas.

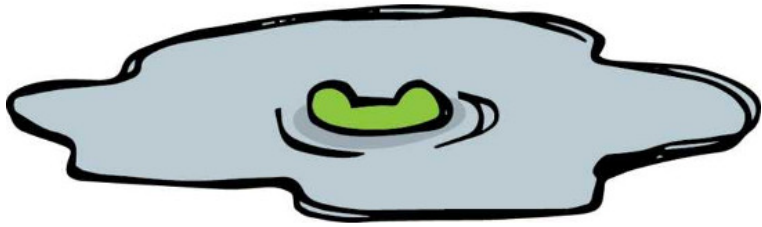

...

After that he is no longer hungry, and he is happy.

Iki tol, kol jis vël išalks.

...

Until he gets hungry again.
