Det var ein gong ei veldig svolten
krokodille.

...

Once there was a very hungry
crocodile.

Ho leitte etter mat sakte og lydlaust.
Og så ...

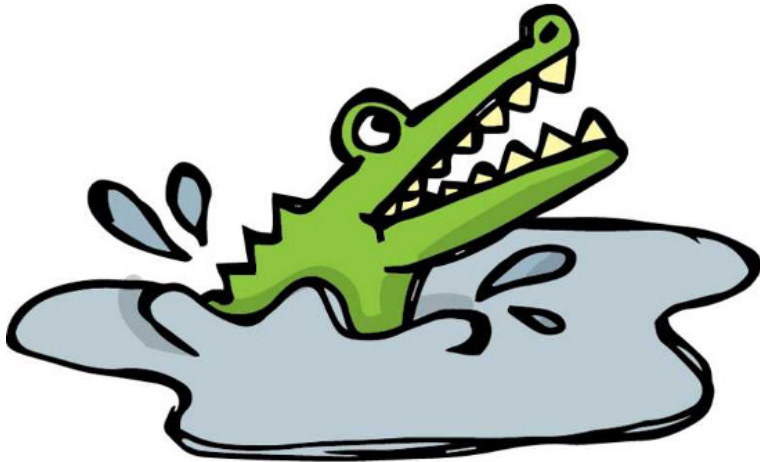

...

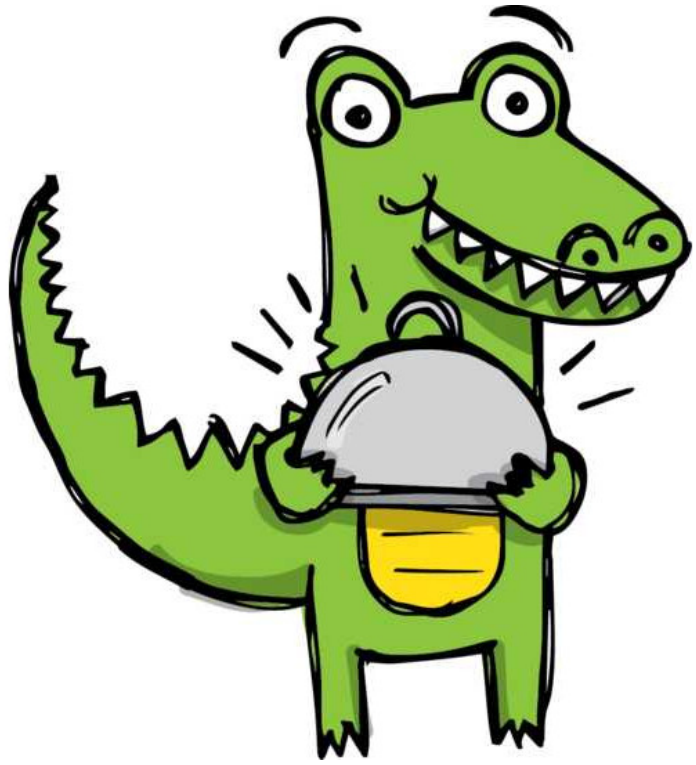

He searched for food slowly and
quietly. And then...

Pang! Krokodilla slår til!

...

POW!!! The crocodile strikes!

Etterpå er ho ikkje svolten lenger, og ho er nøgd.

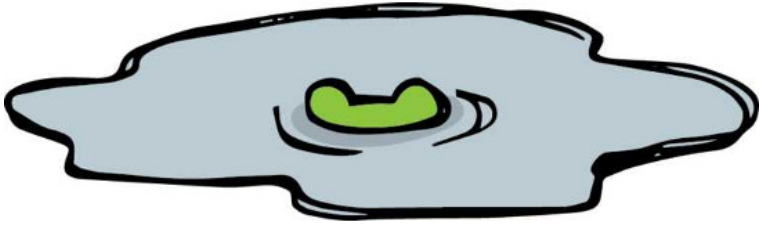

...

After that he is no longer hungry, and he is happy.

Til ho vert svolten att.

...

Until he gets hungry again.
