Iam estis tre malsata
krokodilo.

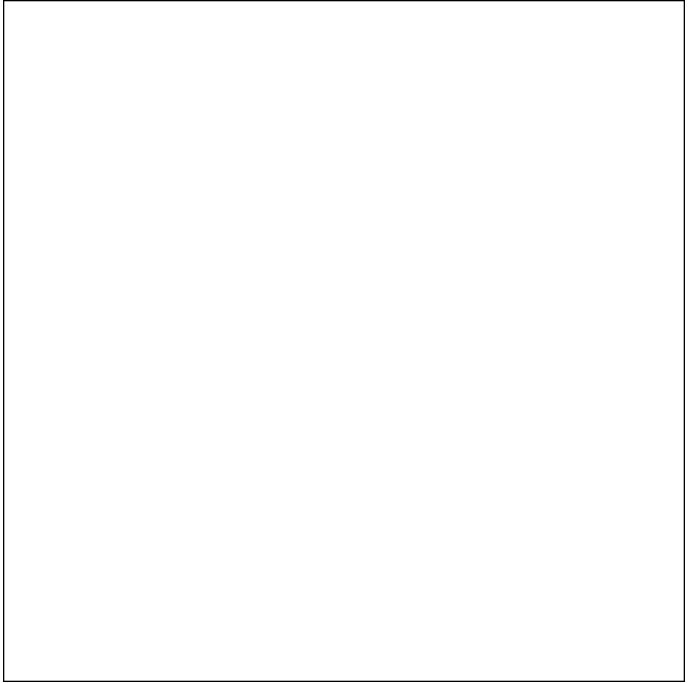

...

Once there was a very
hungry crocodile.

He searched for food
slowly and quietly. And
then...

...

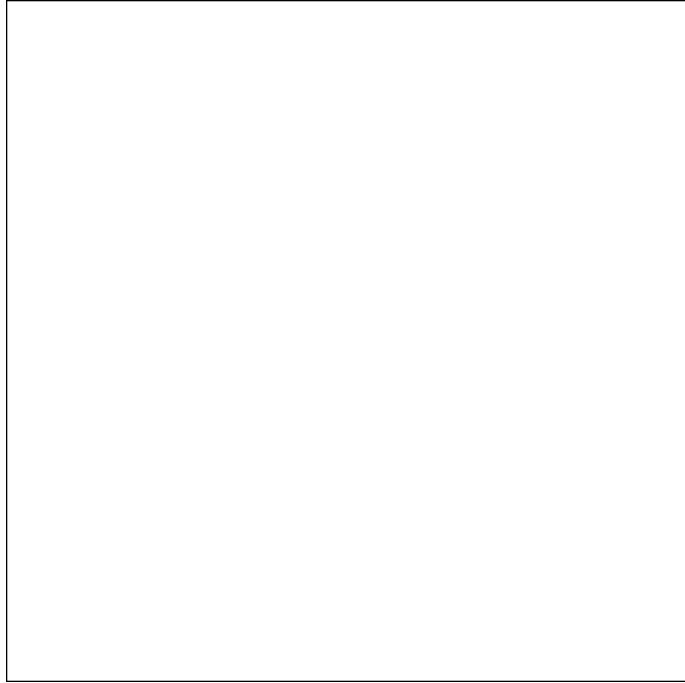

Li sercis mangajon,
malrapide kaj malbrue. Kaj
tiam...

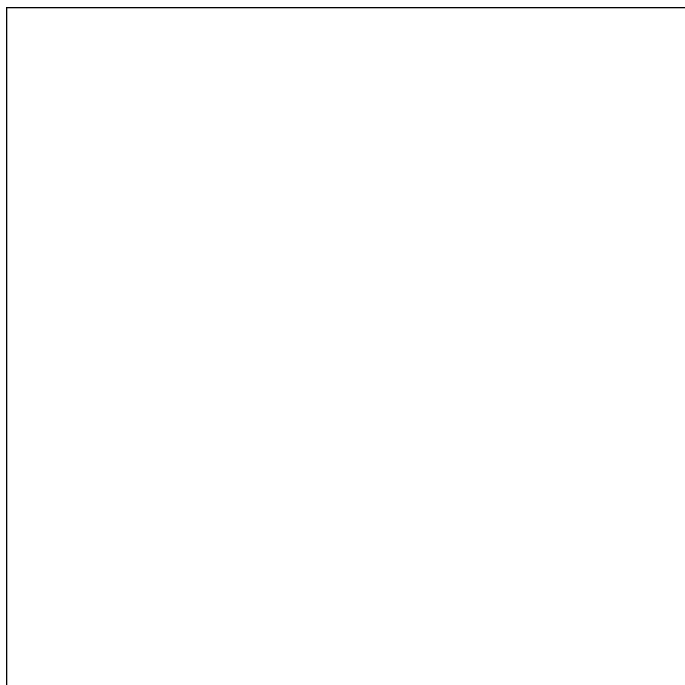

Until he gets hungry again.

...

Ĝis li malsatas denove.

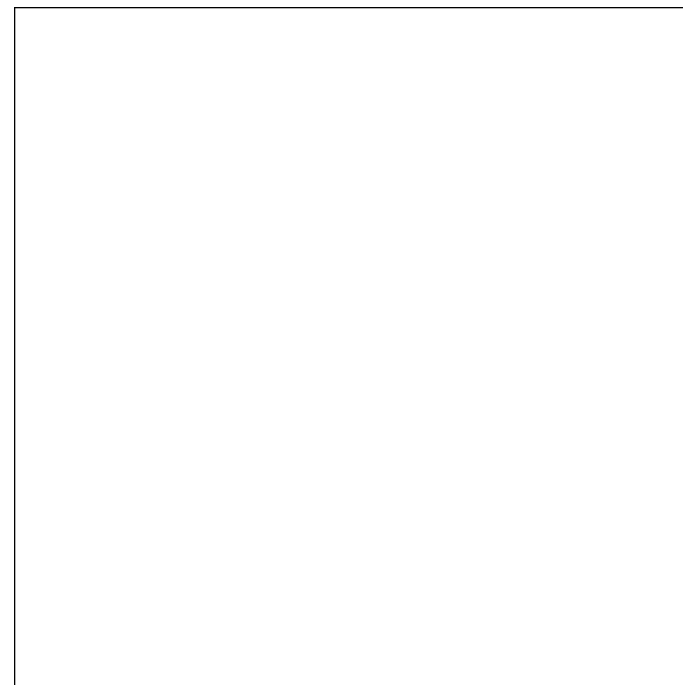

ŜPRUC!!! La krokodilo atakas!

...

POW!!! The crocodile strikes!

Poste li ne plu malsatas, kaj li feliĉas.

...

After that he is no longer hungry, and he is happy.
