😊 Magyar [hu](#) / English [en](#)

Egyszer volt, hol nem volt,
volt egyszer egy nagyon
éhes krokodil.

...

Once there was a very
hungry crocodile.

He searched for food
slowly and quietly. And
then...

...

Lassan és csendesen
keresgél magának ételt,
aztán...

Until he gets hungry again.

...

Amíg nem lett éhes
megint.

Paff!! A krokodil lecsapott!

...

POW!!! The crocodile
strikes!

Boldogan és tele hassal
éldegélt tovább.

...

After that he is no longer
hungry, and he is happy.
