Kartą gyveno labai alkanas  
krokodilas.

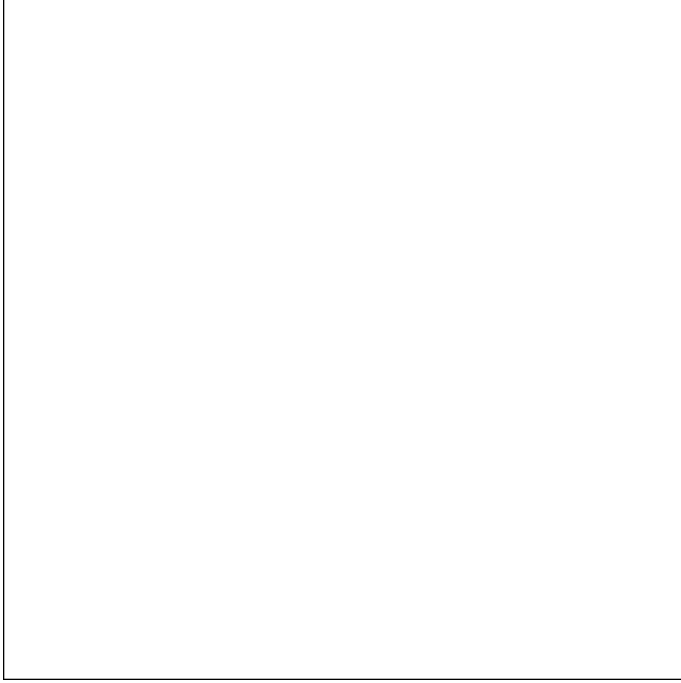

...

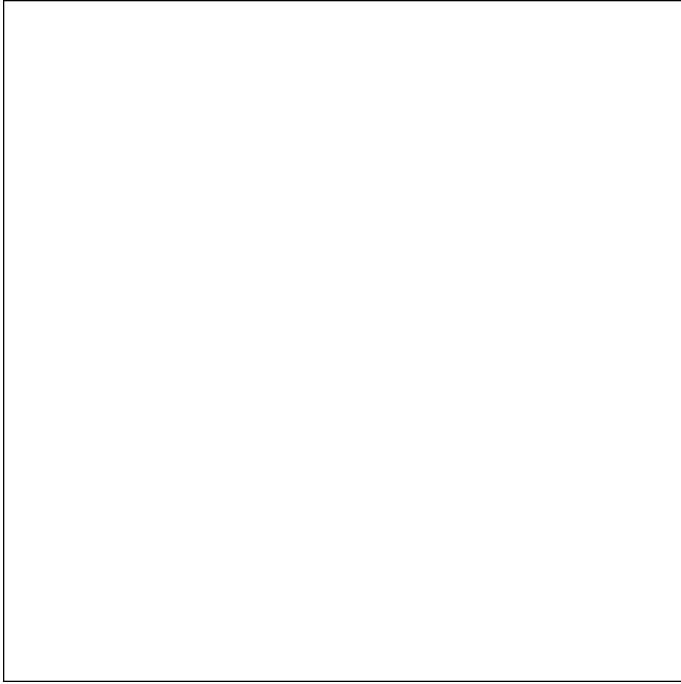

Once there was a very  
hungry crocodile.

Jis letai ir ramiai ieškojo  
 maisto. O tada...  
 ...  
 He searched for food  
 slowly and quietly. And  
 then...

Iki tol, kol jis vēl iēalks.  
 ...  
 Until he gets hungry again.

BAM!!! Krokodilas puola!

...

POW!!! The crocodile  
strikes!

Po to jis jau nebealkanas.  
Jis patenkintas.

...

After that he is no longer  
hungry, and he is happy.
