Tom ap mache ak yon panyen  
fig sou tèt li.

Tom pral vann fig li yo nan  
mache a.

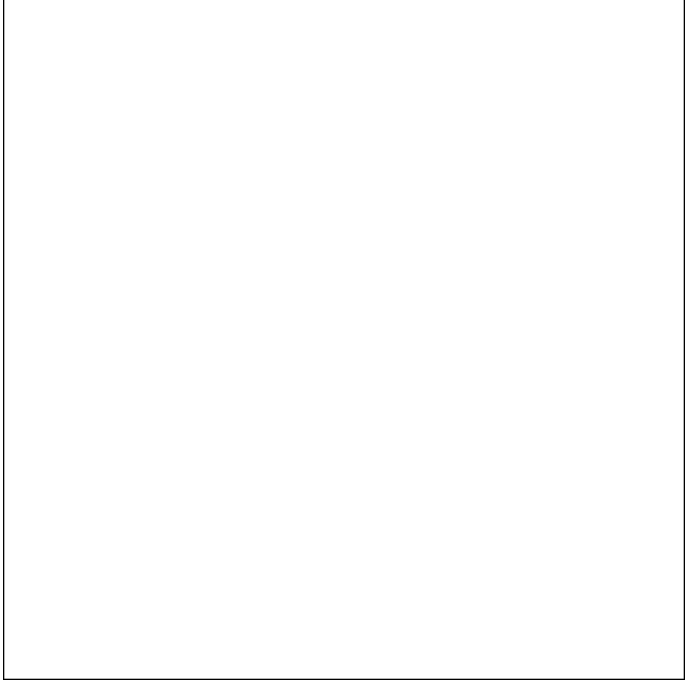

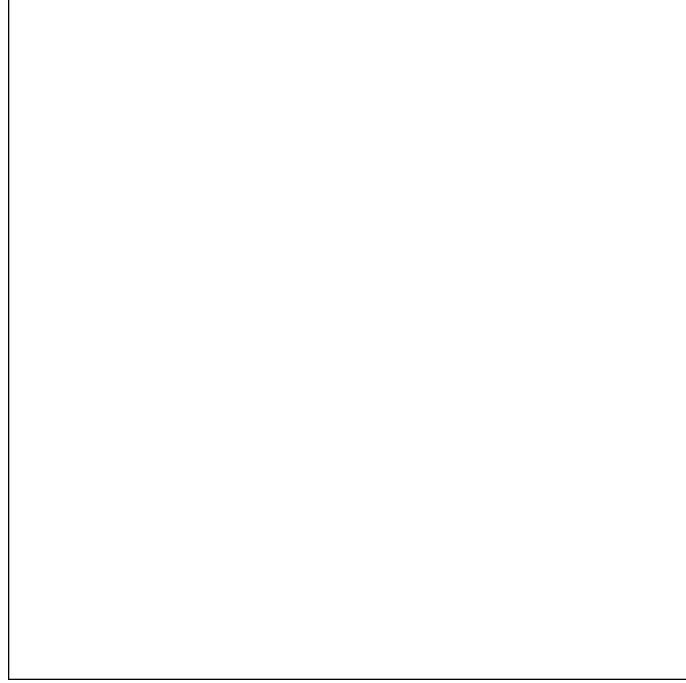

Moun yo ki nan mache a abitye  
achte fwi.

Tom balanse panyen an sou tèt  
li epi li rantre lakay li.

Men okenn nan yo pap achte  
fwi nan men Tom. Yo pito achte  
fwi nan men medam yo.

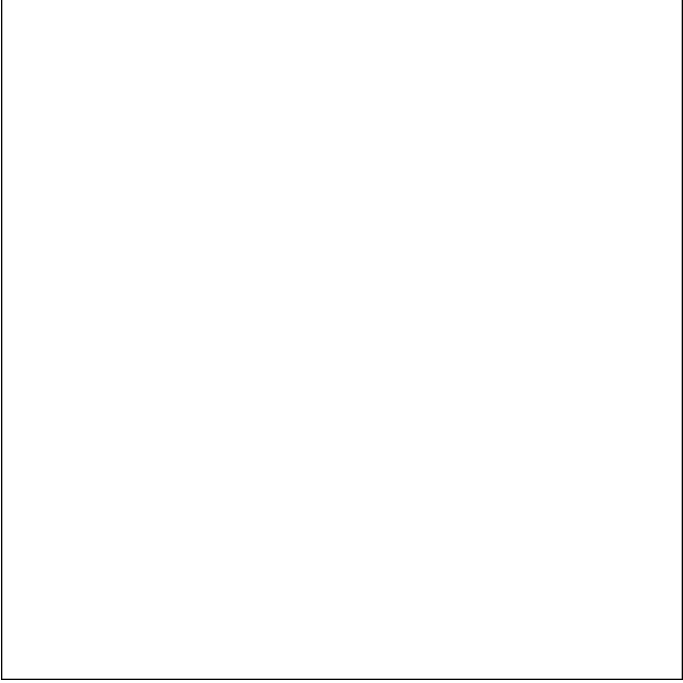

Ak lajan sa a Tom achte savon,  
sik ak pen. Li mete tout bagay  
sa yo nan panyen'li.

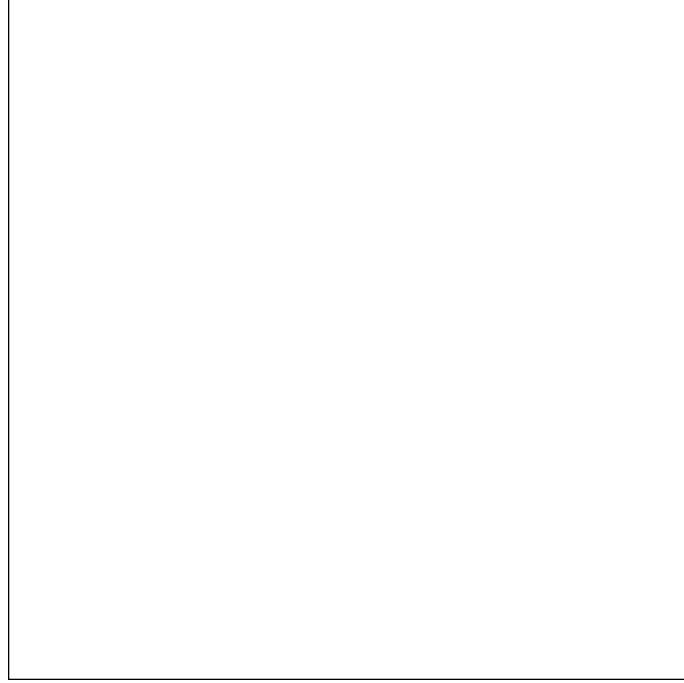

Nan kominote nou se fi sèlman  
ki vann fwi. Moun yo kòmanse  
pale sou Tom “Ki kalite gason  
sa a ye?”

Anvan lontan Tom pa te gen fig  
ankò. Li konte lajan li.

Men Tom pa kite sa  
dekouraje!. Lap rele « Achte fig  
mwen yo...Achte fig mwen yo.  
Fig mwen yo mi, fig yo dous:”

Lòt moun kòmanse rive. Yo  
achte fig Tom yo enpi yo manje  
yo.

Yon madanm deside achte yon rejim fig nan men Tom. Li enspekte chak fig apa.

Lòt medam yo achte kèk fig tou.
